Subject: Final SNUR Rule Package

Importance: High

Susanna- As discussed, please find the draft final asbestos SNUR package files attached. OGC has concurred at the staff level but will need OGC management review before final OGC concurrence.

In these versions of the FRN and RTC we have flagged a few items we would like the OPPT IO to focus on. We will assemble the hard copy rule package as discussed after initial comments. We will also work with RCS to get the FRN document prepared at that time. The current schedule has the FRN signed the end of this month and the FRN published the end of April.

Best,

-Robert
